Clarifications:

- 1.) Wherever the technical specifications read “Owner” that shall be taken to mean the “City”.

Additions:

- 1.) Attachment A – Section 3.8 Final Acceptance:

Item B, after the third sentence insert the following sentence: "Where significant visual defects are found, the Contractor shall repair and reinspect the sewer at no expense to the City".

Add Item E. as follows: "E. CIPP liner system installations constructed under this contract that collapse and cannot be removed, the Contractor shall be responsible for all expenses for the complete removal and reconstruction of the sewer, including bypass pumping, reconnection of all branches and service laterals and repair of all affected facilities including but not limited to, pavement, roadways, sidewalks, storm water facilities, fiber optic utilities, electrical services, water services, landscaping and sodding at no additional expense to the City".

Revisions:

- 1.) Revise Bid Item #2 to read:
 2. **Pre-Installation CCTV Inspection** – Per Lineal Foot – This price shall include but not limited to, all material and labor for the complete project post cleaning pre-liner installation CCTV for City review.
- 2.) A revised E-Bid Reply Excel Spreadsheet is issued as Addendum #3. This will be the only form accepted unless directed in a future Addendum.
