

December 19, 2025

BSG Partners is proposing to construct a two-story climate-controlled storage facility approximately 74,700 square feet, along with two non-climate-controlled storage facilities of approximately 11,400 and 5,400 square feet and covered RV and boat parking areas. The project will also consist of an outparcel tract that will be developed in the future. The project is located at the southeast corner of Howland Blvd and Fernanda Dr. in Deltona, FL.
