Re: Bid #26020 Demolition Services

Staff solicited bids for as needed demolition services. Four bids were received.

The bids and the bid tabulation are attached for your review. Please thoroughly review the bids received and then make your recommendation below and return this to me for the Finance Director and City Manager's approval. Keep in mind that this is for on-going, as needed services and you may choose to recommend award to as many companies as you may need.

If you have any questions, please let me know. Thanks.

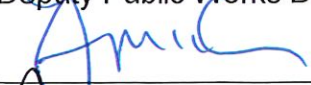

Kate
