Describe any additional knowledge, skill, education, or experience you have, which would assist you in the duties of this Board/Committee.	<p>I have done extensive research with experts and a group of 30 people</p> <p>I know how to solve the housing crisis</p> <p>We merely need the political will and specific specs</p> <p>We solve the housing crisis through the end of house hoarding and landlordism. Which means people can only own one place to live and only one house. Seizing and Distributing unused houses to the homeless.</p> <p>The creation of non market housing funded by charity, church or housing. And apartments that don't charge for profit at market rates but just for utilities and maintenance. Put these next to market housing and landlords must compete and lower their prices. There is also land trust, housing coops, refitting buildings for housing. Tenant Rights and punishment for landlords. The ultimate end goal to permanently to end the housing crisis is the de commodification of housing and inshrining as a human rights.</p> <p>Now not all of that can be done locally but some can be done, and I intend to help</p>
