Please summarize your
work experience.

Over 40+ years of conservation work and education related specifically to Florida environments, plus over 21 years of educational publishing and writing.

List any volunteer
service organizations,
clubs, or professional
societies you are a
member of and give
the positions or titles
you have held.

I'm a member of the Ocala Adventure Camp Alumni group (the conservation camp where my Florida environmental work began) that does maintenance projects annually at the camp. Serve on the Board of the 2nd Florida Volunteers Living History and I do volunteer interpretation at both Blue Springs State Park and DeBary Mansion Historic Site.

Describe any additional
knowledge, skill,
education, or
experience you have,
which would assist you
in the duties of this
Board/Committee.

Served several years on the Parks & Recreation Citizen Advisory Board. Graduate of the Freshwater Wetlands, Uplands Ecosystems, and Coastal Environments Florida Master Naturalist Programs. Also served as the Executive Director of the West Volusia Historical Society, and am a member of the Volusia County Historic Preservation Board.

Explain why you want
to serve on this
Board/Committee, and
include any potential
contribution you
selection would bring.

There are always alternatives and valuable facets of development impact that need to be considered before approving. I've been involved with some of these situations over the years living here. My experience and knowledge of the ecosystems of this area and interactions of cause and affect relationships of historical settlement and development offers a unique and often overlooked perspective in the reflective consideration taken in making land planning and development decisions. I'd like to see that these important overlooked details are not left out of the Planning and Zoning approval process.

Potential Conflict of
Interest

The only possible conflict would be my participation in the County Historic Preservation Board, which I would resign from resolving the issue since Volusia County doesn't allow members of public boards to also be members of other regulatory boards.

Have you ever been
convicted for violation
of any federal, state,
county, or municipal
law, regulation, or

NA

ordinance? If so, give details. Do not include traffic violations or fines of \$100 or less that were imposed, unless it also included a jail sentence.

List names, addresses, and telephone numbers of at least three persons who are in a position to comment on your qualifications and of whom inquiry may be made by the City of Deltona.

Additional Information
or Comments

I feel our community needs all of the help it can get moving forward with further development in avoiding cause and affect impacts and I'd like to contribute to that end.
