Minimum Lot and Outparcel Area

The minimum permitted Lot and Outparcel area shall be ten thousand square feet with use of master stormwater facilities, and at least 100 feet in width.

Maximum Impervious Surface Area

The overall Subject Property may be developed with a maximum impervious surface area of 75%. Each individual Lot and Outparcel within the Subject Property may be developed with a maximum impervious surface area of 85% if connected to the master stormwater system ("MSS"). If an individual Lot and Outparcel does not utilize the MSS, then the maximum impervious surface area for that Lot or Outparcel shall not exceed 75%.

Site Lighting

A Site lighting plan shall be submitted for review and approval to the Planning and Development Services Director.

Building Setbacks

Minimum building setbacks from the property lines of the Lot and Outparcels, except the Theatre Lot, shall be as follows:

a. Front Yard: 25 feet

Along Graves Avenue and Normandy - 10 feet

b. Side Yard: 5 feet, except may be reduced to zero where

(i) adjacent to existing building setbacks, or

(ii) adjacent to property not part of the Subject Property or completely surrounded by the Subject Property;

c. Rear Yard: 15 feet

d. Theatre and Internal building setbacks shall be 0 feet.

Perimeter Landscaped Buffers

Perimeter landscaped buffers shall comply with the City of Deltona Land Development Code of Section 1104-808 except as follows:

a. Where parking along a public right of way, the requirement for a four-foot high wall made of masonry or a material having the appearance of masonry may be substituted with a vegetative hedge to be 3 feet in height within two years of planting.

b. A minimum 10 foot landscape buffer shall be required along Normandy Boulevard, Howard Boulevard, Graves Avenue and Rhode Island extension.

c. Landscaped buffers shall be provided along at least one side of the interior vehicular circulation road.

d. A minimum 5 foot landscape buffer shall be provided along the perimeter of any Lot or Outparcel not abutting a public right of way.

Landscaping in Front of Buildings

Landscaping in front of the buildings shall be placed in a manner that highlights building entrances and breaks up the lengthy facade of any large building on the Lot and Outparcels and may be planted within any landscape buffer area. All maintenance equipment, dumpster and loading areas shall be screened from view by a combination of landscaping and walls.

Sidewalks

A minimum 5 wide sidewalk will be provided along the southerly right-of-way of Howard Blvd. The 5 sidewalks can occur within the landscape buffer areas if they occupy no more than 30% of the buffer. Internal pedestrian sidewalks will be required to facilitate pedestrian access. The location and alignment of the sidewalks will be determined during the Final Site Plan review process.
