Emp-Installation Scope includes:

Removal of (5) existing cameras and replacement with Verkada mounts as specified above and CD62's. Includes installation of (1) new Cat6 run to customer IDF using existing cable pathway (conduit). Utilization of customer existing cable runs assumes that all cables are the appropriate length and have enough play to work with new mounts and cameras and are in good and operable condition. Includes positioning/focusing of cameras at time of installation. City of Deltona to provide PoE+ ports for (6) cameras with agreeable internet access. No patch panel or patch cables provided in the scope of this quotation.

All installation to be completed during Empire normal business hours (8 a.m. - 5 p.m.) Monday through Friday.

Empire provides a limited workmanship warranty on installed cables and method of installation for hardware. Verkada provides a 10 year warranty on most hardware. Hardware replacement by Verkada RMA process not covered under Verkada warranty and would be billed at time and material.
