The City of Deltona has been awarded a 100% match, Resilient Florida Grant in the amount of \\$265,000.00 for this project.](#)

Background: In accordance with Florida Statutes (F.S.) 380.093, The City of Deltona must complete a Comprehensive Vulnerability Assessment to identify all critical assets for Utility, Stormwater, Emergency Response and Transportation. Conducting a Florida Department of Environmental Protection (FDEP) vulnerability assessment offers significant benefits to the City of Deltona by identifying areas at risk from climate-related hazards such as sea level rise, storm surge, and flooding. This assessment provides critical data and mapping tools that help the city plan more resilient infrastructure, prioritize at-risk assets, and secure state and federal funding for adaptation projects. By proactively understanding its vulnerabilities, Deltona can better protect public safety, maintain essential services, and support sustainable growth, ensuring long-term community and environmental well-being. The City of Deltona has been awarded a 100% match Resilient Florida Grant (Agreement No. 24PLN24) in the amount of \$265,000.00 for completion of this project.

If this is approved, Finance will include this as part of the 3rd Quarter Budget amendment on August 4.

The City has received information that an action styled Robert Ellis v City of Deltona has been filed in the 7th Judicial Circuit in and for Volusia County. The City has not yet been served with the lawsuit, but we anticipate that the City will be served with the litigation. In the event that the City is served with the lawsuit, it is in the best interest of the City to authorize representation through Tessitore Mari Scott and the City Attorney, TG Law, PLLC, if the insurance carrier denies coverage.

8. ORDINANCES AND PUBLIC HEARINGS:

A. [Public Hearing - Ordinance No. 19-2025, amendment to Section 70-30, of Article II, and Section 110-600\(a\) of Article VI of Chapter 110 "Zoning", of the Land Development Code for the City of Deltona, at first reading.](#)

Background:

Ordinance No. 19-2025 proposes updates to the City of Deltona's Land Development Code to allow more flexible development of legally established, substandard single-family lots of record. Key changes include defining "Lot of Record," permitting construction of undersized lots that meet all other zoning standards, and reducing the need for variance. The ordinance supports infill development, aligns with the City's Comprehensive Plan, and was unanimously recommended for approval by the Planning and Zoning Board. The City Commission will consider the ordinance at readings scheduled for June 2 and July 7, 2025.

B. [Public Hearing - Ordinance No. 21-2025, repealing Article XIV, "Medical Marijuana Dispensaries," of Chapter 110 "Zoning," and amending Article III, "Establishment of Classifications and Official Zoning Map," of Chapter 110 "Zoning," of the Land Development Code of the City of Deltona to prohibit Medical Marijuana Dispensaries, at first reading.](#)

Background:

Ordinance No. 21-2025 proposes a citywide ban on medical marijuana dispensaries in all zoning districts, removing them as permitted or conditional uses in the city's Land Development Code and Land Use Table. This follows the City Commission's April 7, 2025 decision to

deny a previous ordinance and pursue a full ban. Existing dispensaries approved before the ordinance would be allowed to continue operating under current regulations. While new dispensaries would be prohibited in Deltona, residents will still have access to facilities in nearby cities such as Daytona Beach, Orange City, and Port Orange. The Planning and Zoning Board recommended approval of the ban with a 6-1 vote, and the City Commission will consider the ordinance on June 2 and July 7, 2025.

C. [Public Hearing - Resolution No. 2025-55, amending the Deltona Planning and Zoning Board By-Laws.](#)

Background:

Resolution No. 2025-55 proposes updates to the Planning and Zoning Board By-Laws, originally adopted in 2011, to address operating and legal needs that have emerged over time. The revisions aim to modernize the Board's structure and practices, align with the Land Development Code (last amended in 2020), and improve communication with City staff. Key changes include introducing term limits, attendance enforcement, and alternate member procedures; modifying officer election timing; updating meeting protocols; and removing outdated references and staggered term requirements. At its May 21, 2025 meeting, the Planning and Zoning Board voted 6-1 to recommend approval of Resolution No. 2025-55, with two amendments: requiring all members to reside within city limits and giving the City Commission discretion over attendance related conduct. The City Commission will consider the resolution on June 2, 2025.

9. ACTION ITEMS:

A. [Request for an extension of Resolution No. 2025-59, the Zoning in Progress regarding amendments to the Land Development Code Article IV, Stormwater Management.](#)

Background:

On February 3, 2025, the City Commission approved Resolution No. 2025-59, establishing Zoning in Progress for proposed amendments to Article IV, Stormwater Management, of the Land Development Code, with an initial 120 day period for staff and the City's consultant to draft revisions. Additional time is needed to ensure the proposed amendments are comprehensive and aligned with the City's goals. Therefore, staff is requesting a 120 day extension to complete the amendment process and prepare for formal Commission review and consideration.

B. [Request for consideration, that the Sergeant David G. Ledgerwood American Post 255 be given a 100-year lease at one dollar \(\\$1\) a year and allow them to own their building.](#)

Background:

At the Regular Commission Meeting held on May 19, 2025, Mayor Avila requested to place this item on the next agenda for approval.

C. [Discussion regarding the implementation of a temporary building moratorium.](#)**Background:**

At the May 5, 2025, City Commission meeting, a Commissioner requested discussion of a temporary moratorium on development to allow time for implementing updated impact fees. Any moratorium would require adoption of an ordinance and must exempt 23 currently vested development applications. Staff is seeking general direction from the Commission to begin drafting ordinance language if desired.
