Board/Committee.

I'm eager to join the Ordinance Committee because of my experience working with contracts and legal paperwork, where I review and assess various documents to ensure compliance and clarity. My current role has developed my attention to detail and analytical skills, which are valuable when interpreting local laws and ordinances. While I may not be a legal expert, I'm adept at researching regulations, identifying potential issues, and working with legal professionals to address them.

I'm also skilled at communicating complex information clearly, whether in writing or during discussions, and I enjoy collaborating with others to find solutions that benefit the community. I'm committed to understanding local issues and engaging with

diverse perspectives to make sure that all voices are heard. My organizational skills help me stay prepared for meetings, ensuring I can contribute effectively to the committee's work.

Explain why you want to serve on this Board/Committee, and include any potential contribution you selection would bring.

I've always believed in the importance of community involvement, growing up in a family where volunteering was the norm. My dad served as a town chairman, and every year, my entire family volunteered at a multi-day fireman's picnic to raise funds for our town's volunteer fire department. This experience instilled in me a strong sense of service that has continued into my adult life as both an educator and a military spouse. My husband is a retired veteran, and while our military life meant moving often, we are now firmly settled here and committed to this community for the long term.

Having lived here for almost a year, I am eager to become more involved and contribute to my new home. Joining the Ordinance Committee is an opportunity for me to use my passion for service, my collaborative spirit, and my dedication to strengthening local initiatives. I believe I can bring a unique perspective and a strong sense of responsibility to the committee, helping to ensure that decisions reflect the values and needs of the community.

Potential Conflict of Interest

My husband owns a Clothes Bins franchise in this area. I assist with the business when I can. We prefer to work with schools and non profits to help them raise funds. We also place textile recycling bins at business locations paying them money to lease a parking space size location. We use proprietary technology that measures the fullness of the bin so we know when it needs to be serviced. We partner with the non profit, school or land owner with a contract that includes clauses such as committing to keeping the area clean and maintaining the bin appearance. We have helped keep over 50,000 pounds of textiles out of the garbage stream in Volusia County in one year already!

Have you ever been convicted for violation of any federal, state, county, or municipal law, regulation, or ordinance? If so, give details. Do not include traffic violations or fines of \$100 or less that were imposed, unless it also included a jail sentence.
