Re: **Variance Application, Project No.: VR07-009**

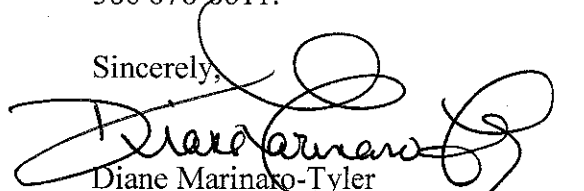

Dear Mike:

On February 18, 2008, the Deltona City Commission voted unanimously to adopt Resolution No. 2007-46, approving your request to allow a zoning variance request from the current regulations which limit the maximum building area for principle and accessory structures in to 35 percent of the total lot area to allow a maximum of 40 percent building area for principal and accessory structures for lots within Arbor Ridge Unit 4, as indicated in attached Exhibit A and Exhibit B.

Your next step is to contact Building and Zoning Services with a list of projects that have been denied for exceeding the maximum 35 percent total lot coverage. The projects will then be reviewed with the new standard allowing 40 percent building area.

If you have any questions regarding this matter, please do not hesitate to contact this office at 386 878-8611.

Sincerely,

Diane Marinaro-Tyler  
Planning and Zoning Administrator
