TERMS AND CONDITIONS

Prices

Prices quoted are firm for 30 days from date of proposal. Prices quoted may not include applicable sales, use or excise taxes. Such taxes will be added to the invoice at the time of billing.

Acceptance

Acceptance of any proposal is only upon receipt by American Interiors of a signed copy of this agreement or purchase order and 50% deposit.

Delivery and Installation

All job sites shall be clean, clear, and free of debris prior to installation.

Electric current, heat, light, hoisting and/or elevator service will be furnished without charge to Seller. Adequate facilities for off-loading, staging, moving and handling of merchandise shall be provided.

Delivery and installation will be made during normal working hours. Additional labor costs resulting from overtime work performed at the Customer's request will be passed on to the Customer. Seller is responsible for proper installation of all furniture in accordance with the drawings, plans, and construction/installation schedule Customer has provided to Seller. Seller's ability to erect, assemble, install, permanently attach, or bolt in place movable furniture is dependant upon agreements made by trade unions at the job site. If applicable trade regulations at the time of installation require employing tradesmen to complete the installation, the cost will be paid by the Customer. Delays or damages due to site conditions at the time of delivery are the sole responsibility of the Customer.

Merchandise delivered and brought onto the job site by the Seller or its shipper as scheduled shall be inspected and fully accepted at the time of delivery by the Customer, subject only to any final installation thereof to be performed by the Seller. Failure to report any shortages, damages, or errors in writing, and/or failure to reject non conforming or damaged goods, at the time of delivery will constitute Customer's full acceptance of the merchandise, subject to any damage claims as a result of installation. Customer and Seller will conduct an inspection of the products and the installation thereof. Upon satisfactory completion of the inspection, Customer shall inform Seller. At Customer's request and at no additional charge, Seller will return to the job site at any time within six months after project completion in order to correct any Customer "punch list" items.

Upon delivery of product to Customer's site, or into storage negotiated by Customer, if job site is not ready on mutually agreed upon date, Customer assumes all risk of loss of delivered/stored product and shall not be released from any obligation under this agreement due to product's loss, damage, or disrepair following delivery/storage unless such loss, damage or disrepair results from the actions or inactions of Seller or Seller's employees, agents or contractors. If special packaging, handling, demurrage, or storage at other than Seller's warehouse is required that is not provided in the specifications, any additional charges will be paid by the Customer.

Cancellation

It is understood that the Products covered by this Quotation are to be specially ordered by Seller to meet Customer's particular specifications. For this reason, upon order placement and acceptance by the relevant manufacturer, orders cannot be cancelled or returned following order placement.

Delays

Prices quoted are based on delivery and invoicing of merchandise as available in whole or in part on or after scheduled delivery date. Should Customer be unable to receive merchandise as agreed, merchandise available for delivery will be invoiced and payment is due in accordance with this agreement.

Storage and Handling Charges

Buyer agrees that the premises for the delivery and installation of the Products will be available not later than the end of the applicable Lead Time (defined as the period of time, expressed in weeks, between the date the order is placed and accepted by the relevant manufacturer and the date the manufacturer commits to ship the Products). Provided the Products are not delivered prior to the end of the applicable Lead Time, if the premises for delivery and installation are not available, Seller will endeavor to work within the constraints imposed, and will try to accommodate the Buyer's schedule as best as possible. In the event no reasonable alternative is found, Buyer will provide safe and adequate storage space. If the storage space provided is not conveniently located to the installation site or in some other way necessitates excess handling, Buyer agrees to pay Seller's handling charges. If the products must be stored offsite or at Seller's facility, Buyer agrees to pay Seller's handling charges, storage charges and transportation charges.

If the Product must be moved from or within the site due to the progress of other trades, or other reasons attributable to Buyer, Seller will provide reasonable accommodation. Should the progress of other trades or reasons attributable to Buyer necessitate excessive movement of product by Seller, Buyer agrees to pay Seller's handling charges.

Deposits and Payment Terms

A deposit of 50% is required. Terms of sale are: the remaining 50% of the total price shall be paid within 30 days after Customer receives an invoice from Seller (with Seller agreeing not to submit an invoice until after Seller has been invoiced by its supplier). A delinquency charge of 1.50% assessed monthly against any amounts not paid within these terms will be added to such amounts. Payment may only be withheld for merchandise invoiced, but either conditionally accepted by Customer with Seller's written consent or rejected by customer because of damage or non-conformance, until Seller remedies the situation. Payment may not otherwise be withheld. Customer is responsible for Seller's costs, including reasonable actual attorney fees, incurred in the enforcement of payment terms.

Invoicing

Direct shipments from manufacturers will be invoiced upon shipment from the manufacturer. Services not related to purchase of product, unless otherwise negotiated, will be invoiced after the services are substantially completed, as determined by the Seller.

Line#	Qty.	Product	Sell\$	Ext Sell\$
-------	------	---------	--------	------------

General Liability

No liability shall accrue against Seller as a result of any breach of these terms and conditions resulting from any work stoppage, act of God, unauthorized delays by the manufacturer, or other delay beyond Seller's control.

Freight

Unless otherwise noted, all applicable freight charges may not be included in the price quotation and will be invoiced as a separate line item.

Warranties

Seller makes no warranties of product sold hereunder whatsoever, including any warranty of merchantability or warranty that the furniture is fit for any particular purpose. Seller agrees to act as Customer's agent in event of claims of defective materials or workmanship that may be made within the warranty period stated by the manufacturer, supplier, or fabricator. The Customer shall rely exclusively upon warranties provided by the manufacturer, supplier, or fabricator of all products sold hereunder. If the seller is asked to perform warranty work and it is subsequently determined that the furniture is not covered by any warranty, Customer will be charged for the service at the then current rate.

Title

Seller retains title to all goods until Customer has performed all it's obligations under this agreement and the purchase price of the goods and related services has been fully paid to the Seller.

Miscellaneous

Terms and conditions as set forth herein may be altered only upon the written approval of both the Customer and the Seller. By acceptance of this Agreement, Customer acknowledges receipt of a duly executed duplicate copy of this Agreement.

Customer Signature

Date

Any use or disclosure of this specification without the written authorization of American Interiors, Inc.
constitutes agreement by you to pay to American Interiors, Inc. a licensure fee of \$2000.00.

****Sales Tax will be added at time of invoice unless otherwise noted.****
