LOCATION:

City Wide.

BACKGROUND:

The City is part of a class action case against various large-scale opioid producers that profited from the Country's opioid crisis. The class is comprised of almost every local government in the Nation. On June 3, 2019 the City Commission was brief in the opioid litigation and recommended for the City of Deltona to be included in the class action.

The Florida Attorney General has now proposed a framework for the comprehensive resolution of the current litigation. The proposed MOU established a method for determining how settlement sums would be paid to each governmental entity, as well as to regional and State funds. All money received must be spent on expanded or new programs to combat the opioid crisis. The amounts to be distributed to each County and Municipality shall be determined by the Negotiation Class Metrics or other metrics agreed upon, in writing, by County and a Municipality.
