FROM: John A. Peters, III, PE, Acting City Manager **AGENDA ITEM:** 5 - A

SUBJECT:

Proclamation - National Family Day is celebrated on the fourth Monday in September. It is a day that encourages every family member to gather around the table to enjoy a meal together, talk to each other, and discuss everyone's day.

LOCATION:

Citywide

BACKGROUND:

National Family Day is a day for families to gather around the table and enjoy a meal together, talk to each other, discuss everyone's day and then commit to having another meal together before the week is out. It is a time where children learn responsibility while helping to prepare the meal and cleaning up. Conversations about grades, dating, borrowing the car, and moving away, and debate politics. These conversations start at a dinner table, they shouldn't begin when our children's world turns upside down.
