The properties referenced will utilize funds budgeted in FY 2023/2024 SHIP funding. If additional funds are needed for any of the projects, then a budget amendment will be processed using FY 2024/2025 adopted budget.

Information related to each scope of work is attached. Each awardee (contractor) was the lowest bidder, for each of the above referenced properties. The State funds invested in these properties will be subject to a non-interest-bearing lien for 15-years. The lien will be forgiven should the present owners remain in their properties for the 15-year life of the lien.
