14. CITY MANAGER COMMENTS:

The Interim City Manager thanked the City Commission for approving the contract for the new City Manager. He will be here to go through the transition with Doc and he congratulated him on the new position.

15. CITY COMMISSION COMMENTS:

Commissioner Heriot spoke about celebrating reaching the milestone of the new City Manager coming in.

Commissioner Avila-Vazquez welcomed Doc who was selected by the residents and she thanked the Interim City Manager for all he has done. She reminded everyone of the Veteran Enforcers Motorcycle Association's Deltona Memorial Day Ride event.

Commissioner McCool asked the Interim City Manager to address the issue with the City's bandwidth. She spoke about Deltona Water issues/leaks and that there would be a workshop on the new Deltona Water system within 30 days. She addressed the IRS issue, which is controversial, and the Interim City Manager gathering all the information with an outside Attorney working on the issue. She would like to have all the information before reporting to the public and it is not a lack of interest. The issue is not regarding back taxes but has to do with a form regarding hospital insurance. She spoke about being transparent and that nobody had previous knowledge of the issue, and pointed to the Commission, the Interim City Manager, the City Attorney, and the staff who were present, until it was recently brought up. There is a lot of misinformation being spread about this issue so she wanted that clarified.

Vice Mayor JodyLee apologized for speaking out and being hasty regarding the IRS issue. This issue caught everyone by surprise and nobody knew about the issue, as Commissioner McCool stated. He stated the City needs something in place so this does not happen again or so that someone can be held accountable. He spoke about the previous Finance Director leaving and the issue not being all her fault but, that she left with a big check. The Commissioners are residents too and it is their tax money too. This should not have taken place and it was regarding a form and fines. He questioned the previous Finance Director's signing authority and he stated an explanation of what happened needs to come sooner rather than later.

There being no further business, the meeting adjourned at 8:35 p.m.
